### **Detail information**

Sun Moon University is located at the center of Tangjeong Crystal Valley and Asan New City, in the central region of Korea. Our University is equipped with a beautiful campus, excellent faculty members and state-of-the-art educational facilities. Sun Moon also provides the conditions for students to concentrate on their studies in a peaceful environment.

Sun Moon University makes every effort to nurture young leaders with sound character and morality to lead the 21st century. In addition to character education, Sun Moon is committed to professional education equipped with the languages and technologies that are essential prerequisites for leading the global community. We also offer internship programs to strengthen industrial & academic cooperation with focal businesses in an effort to broaden the window of opportunity for employment of our graduates.

Our University is dedicated to support students through an abundant and diverse scholarship system, an excellent educational environment, a differentiated education system and the solid support of an educational foundation greater than other universities.

As of April 1, 2020, the bright smiles of 14,550 students including 1,778 International students from 73 countries make the campus even brighter. The flags from many nations wave in the blue sky over our beautiful, wide Sun Moon University campus. The enthusiasm and laughter of our students give us greater hope for the future.

In particular, our system of 46 Global Vice Presidents in 41 nations is a unique worldwide network that among all the universities of the world can be found only at Sun Moon University. Former and current University Presidents, Minister Level government officials, Congressmen, and Professors, all great intellectuals with high reputations in their societies, are making efforts to establish systems for global education and cooperation as the Global Vice Presidents of Sun Moon University.

As of April. 1. 2020, Sun Moon University has signed MoU with 149 Sisterhood Universities from 41 countries, to develop programs and activities of cooperation between our students, faculty members, departments and research institutes. These all contribute to a bright future for Sun Moon University.
